

COLLIE INU

COLLIE INU

The most intelligent and smartest dog in the world. Collie Inu loyal and protective dogs love to work, defend their families, and please their owners and holders. His mission is to provide safe place for community and investor and protect their bags with additional security measures. Collie Inu is super dog with superpower ability and aims to be king of memecoins.

Collie Inu is a decentralized cryptocurrency token operating on the Binance Smart Chain that can be traded through Pancakeswap.

WHY COLLIE?

I am Collie Inu. Join me and together we will reach the stars. Follow the story of Collie Inu as he explores the greatest mysteries of the galaxy and seeks to recolonize the planet, he once called home with the help of the friends he's made during his travels through the stars.

COLLIE INU

A stylized illustration of space. In the upper left, a white rocket with orange fins and a black dog's face on its nose is flying upwards, leaving a long, wavy yellow trail. To its left is a red planet with yellow lightning-like patterns. Below the rocket is a large, pinkish-purple planet with several craters. In the lower right, a small satellite with solar panels is orbiting a dark, rocky planet. The background is a dark blue space with diagonal light blue stripes and small blue stars.

ASK NOT WHAT COLLIE CAN DO FOR YOU, ASK WHAT YOU CAN DO FOR COLLIE

COLLIE started this with a contract deploy and a group, but it is really up to you (COLLIE also) to see what you can add. Work for your meal, add what you can and tell your friends. This is an army. It is new and small, but that also means we have advantage.

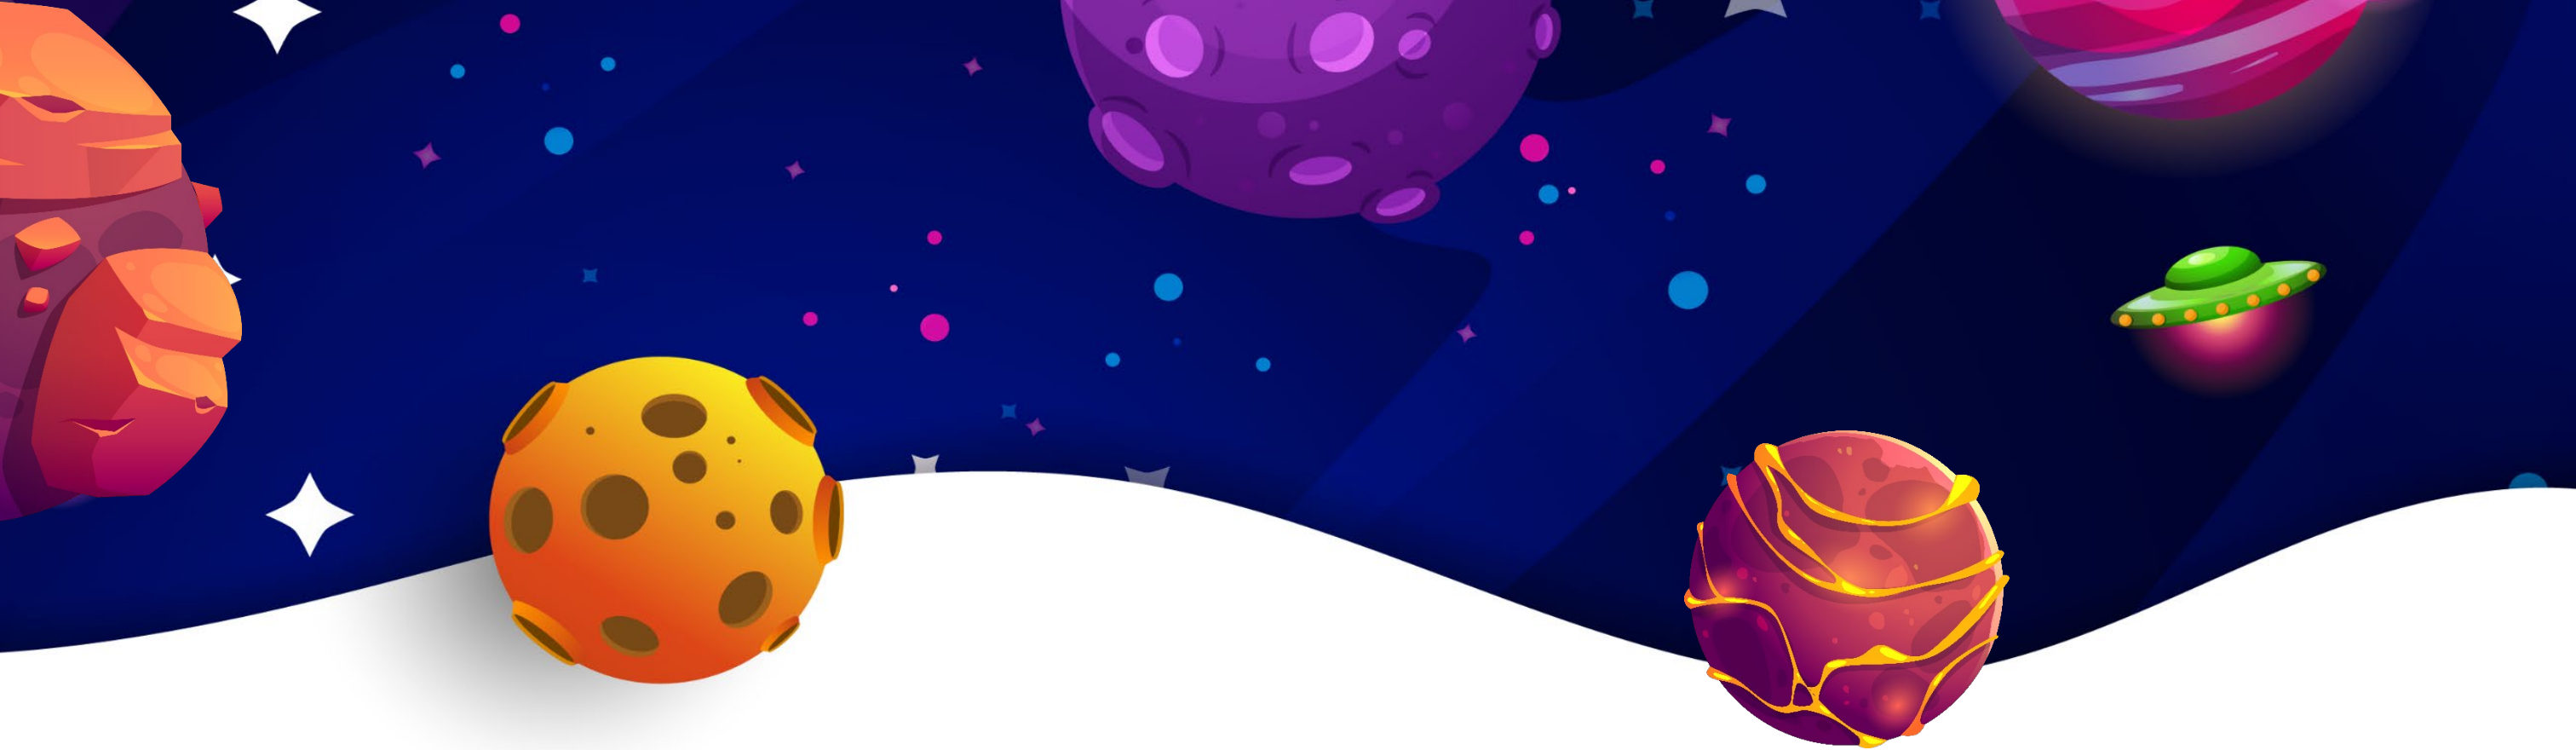

TRUST THE PROCESS

Flipping Shiba, Doge or BabyDoge will take Diamond Hands. Don't be short-sighted with COLLIE, there is a long road ahead of us. HODL

WE MUST TRUST THE PROCESS

Now is our time. But for this to work, we must all stick to the COLLIE: Trust the Process. As a wise soul once said "To be the man, you got to beat the man." Hence, COLLIE was born.

COLLIE INU

NOW WE WRITE OUR OWN DESTINY

Now while we congratulate those that did well and pour one out for those that sold what would now be hundreds of millions of \$ worth of Shiba for pennies when everybody thought it was dead (dog was just sleeping) We have to think about the rest of us - The ones who haven't made it. What are you supposed to do? Buy a top 10 coin at the top with the hope that it goes up another 5% on a good week. Or relentlessly hunt for that next gem.

THE PLAN IS WE ALL WIN

Shiba has made it, it flipped the Doge, and for those that ironhanded Shiba all the way up congratulations. you will soon know what it is like to be the prey instead of the Collie Inu.

PARTNERSHIP

Getting partnerships with well known influencers is our main objective for the beginning. We know that with our expertise we can become one of the most recognized crypto tokens in the sector

TOKENOMICS

10% TOTAL BUY / SELL

2% DEVELOPMENT

Our experienced dev team is hard at work on building a spaceship to fly in the galaxy space. Dev tax will support their efforts in building out our minigame, NFT collection, NFT Marketplace, and all operation.

3% LIQUIDITY

Think of the Liquidity Pool as Collie Inu castle. Properly maintaining and upgrading the castle provides investors more protection from dumps and the stability that they need to feel safe holding their tokens for a long time.

5% MARKETING

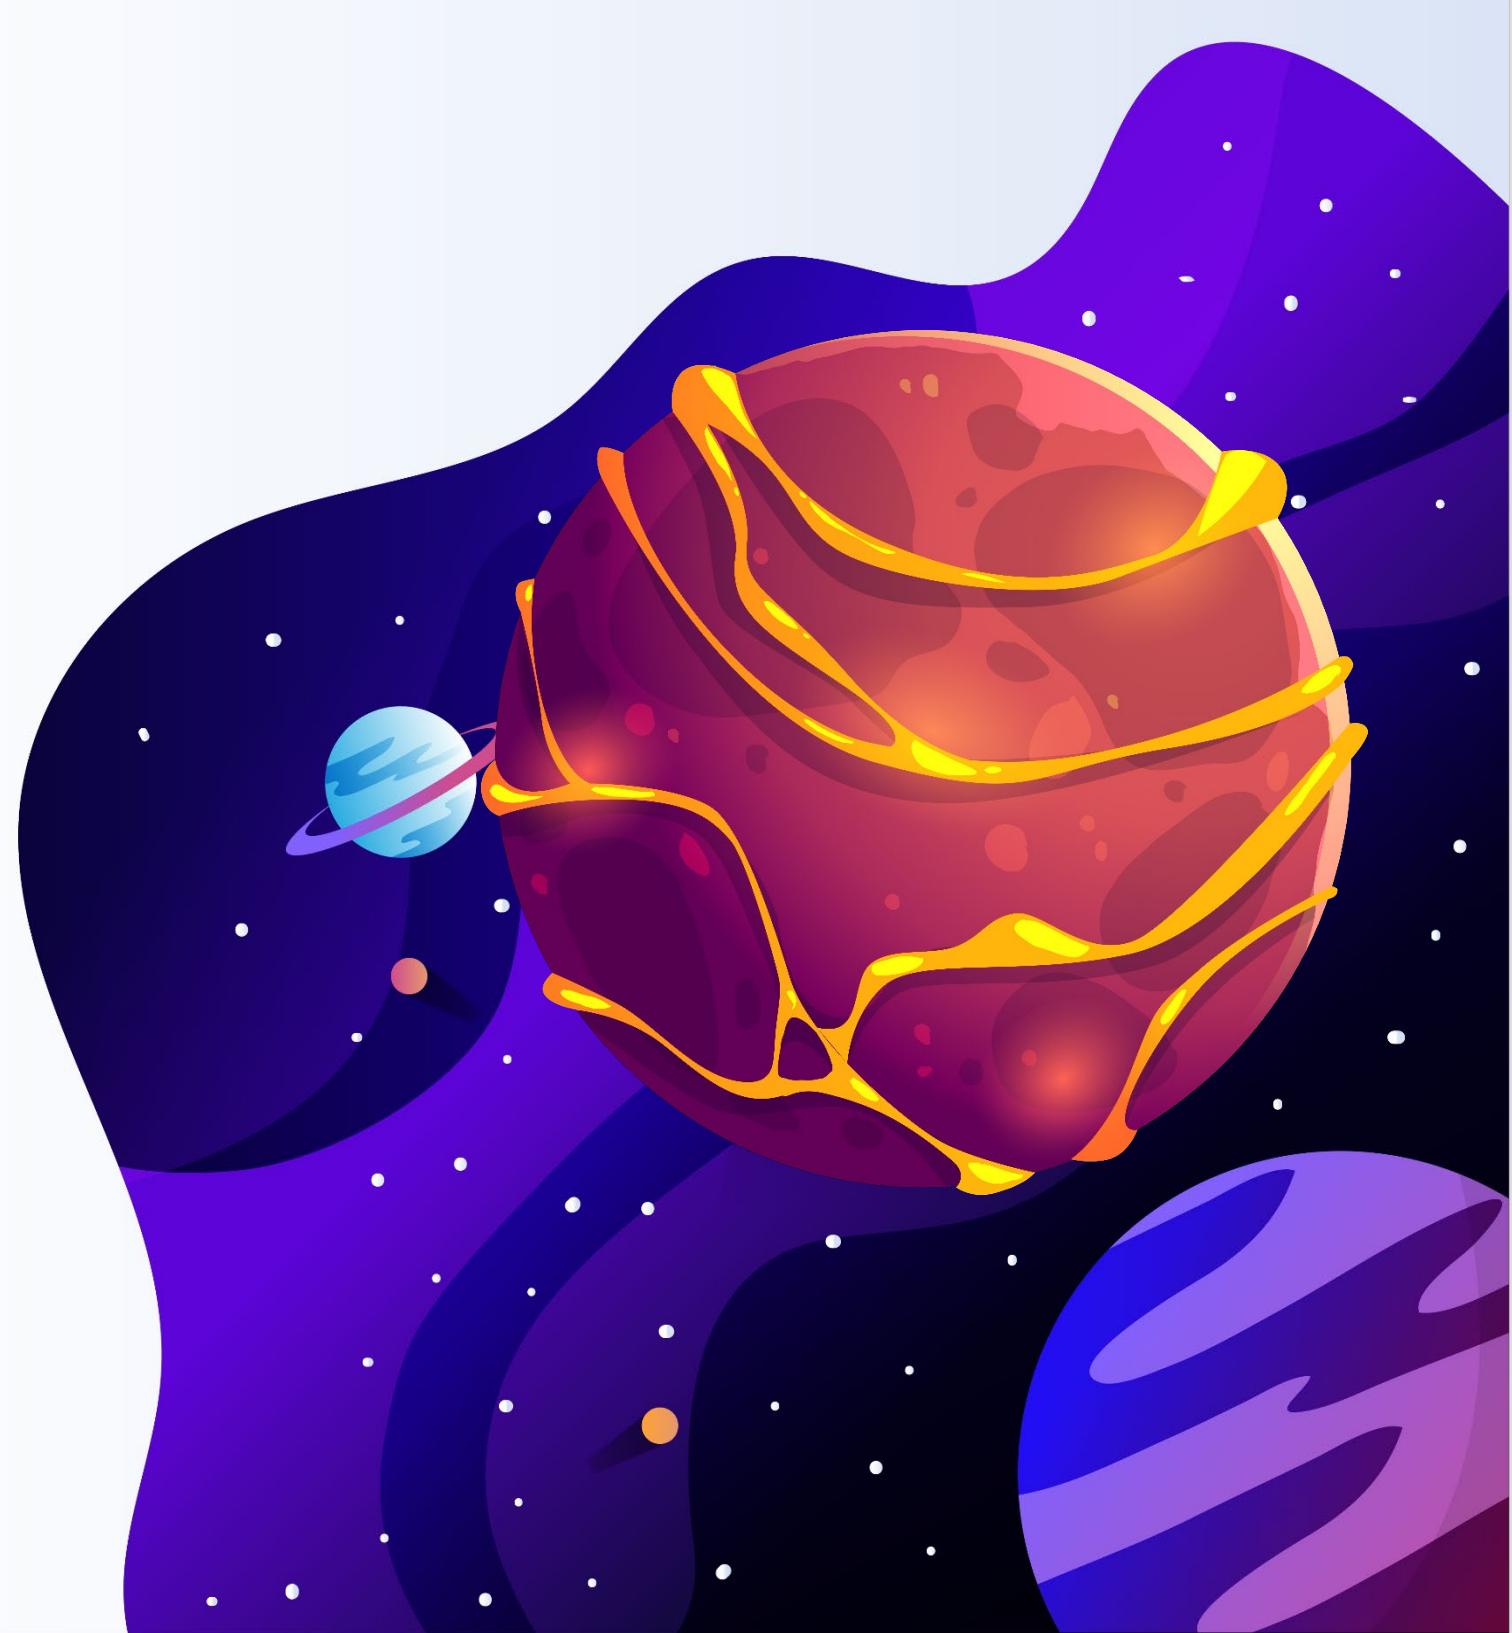

Collie Inu understands that a Kingdom is only as strong as its reputation. We will be hiring an army of diplomats to spread awareness and excitement about the Collie Inu to the ends of the Earth. Collie Inu will be the token your grandmother asks you about at the next family gathering, so don't disappoint her.

COLLIE INU

TOTAL SUPPLY
1,000,000,000,000

LOCKED LIQUIDITY

Think of the Liquidity Pool as Majority of initial LP tokens locked & some burned. (Newly generated LP tokens from the 2% LP fees are not)

AUTO BURN

Collie Inu understands that a Dead wallet will receive tokens automatically from each buy/sell tax, It will be burn inside LP Holder forever. Thus, coins are burned with each on chain transaction.
